HSE Program Details

- » Virtual Classroom - Classes and meetings are conducted through Zoom .
- » Self-Paced - Students receive an individualized study plan and complete their assignments separately. An estimate of 3 months should be allotted for the program but this will be adjusted if needed.
- » Schedule - Hours will vary depending on the students requirement and availability.
- » Tutors are available for assistance in any subject.
- » Students must have access to a personal computer and internet. Tablets do not allow full access to classes.
- » Students will have access to online software and resources to help them prepare for their tests.
- » HSE Liaisons will discuss the various types of HSE help that are available and help the student choose the best option once they are enrolled.
- » Students should clear their voice mailbox and check their email the week prior to their start date. LACOE will contact them to set up their first meeting.
